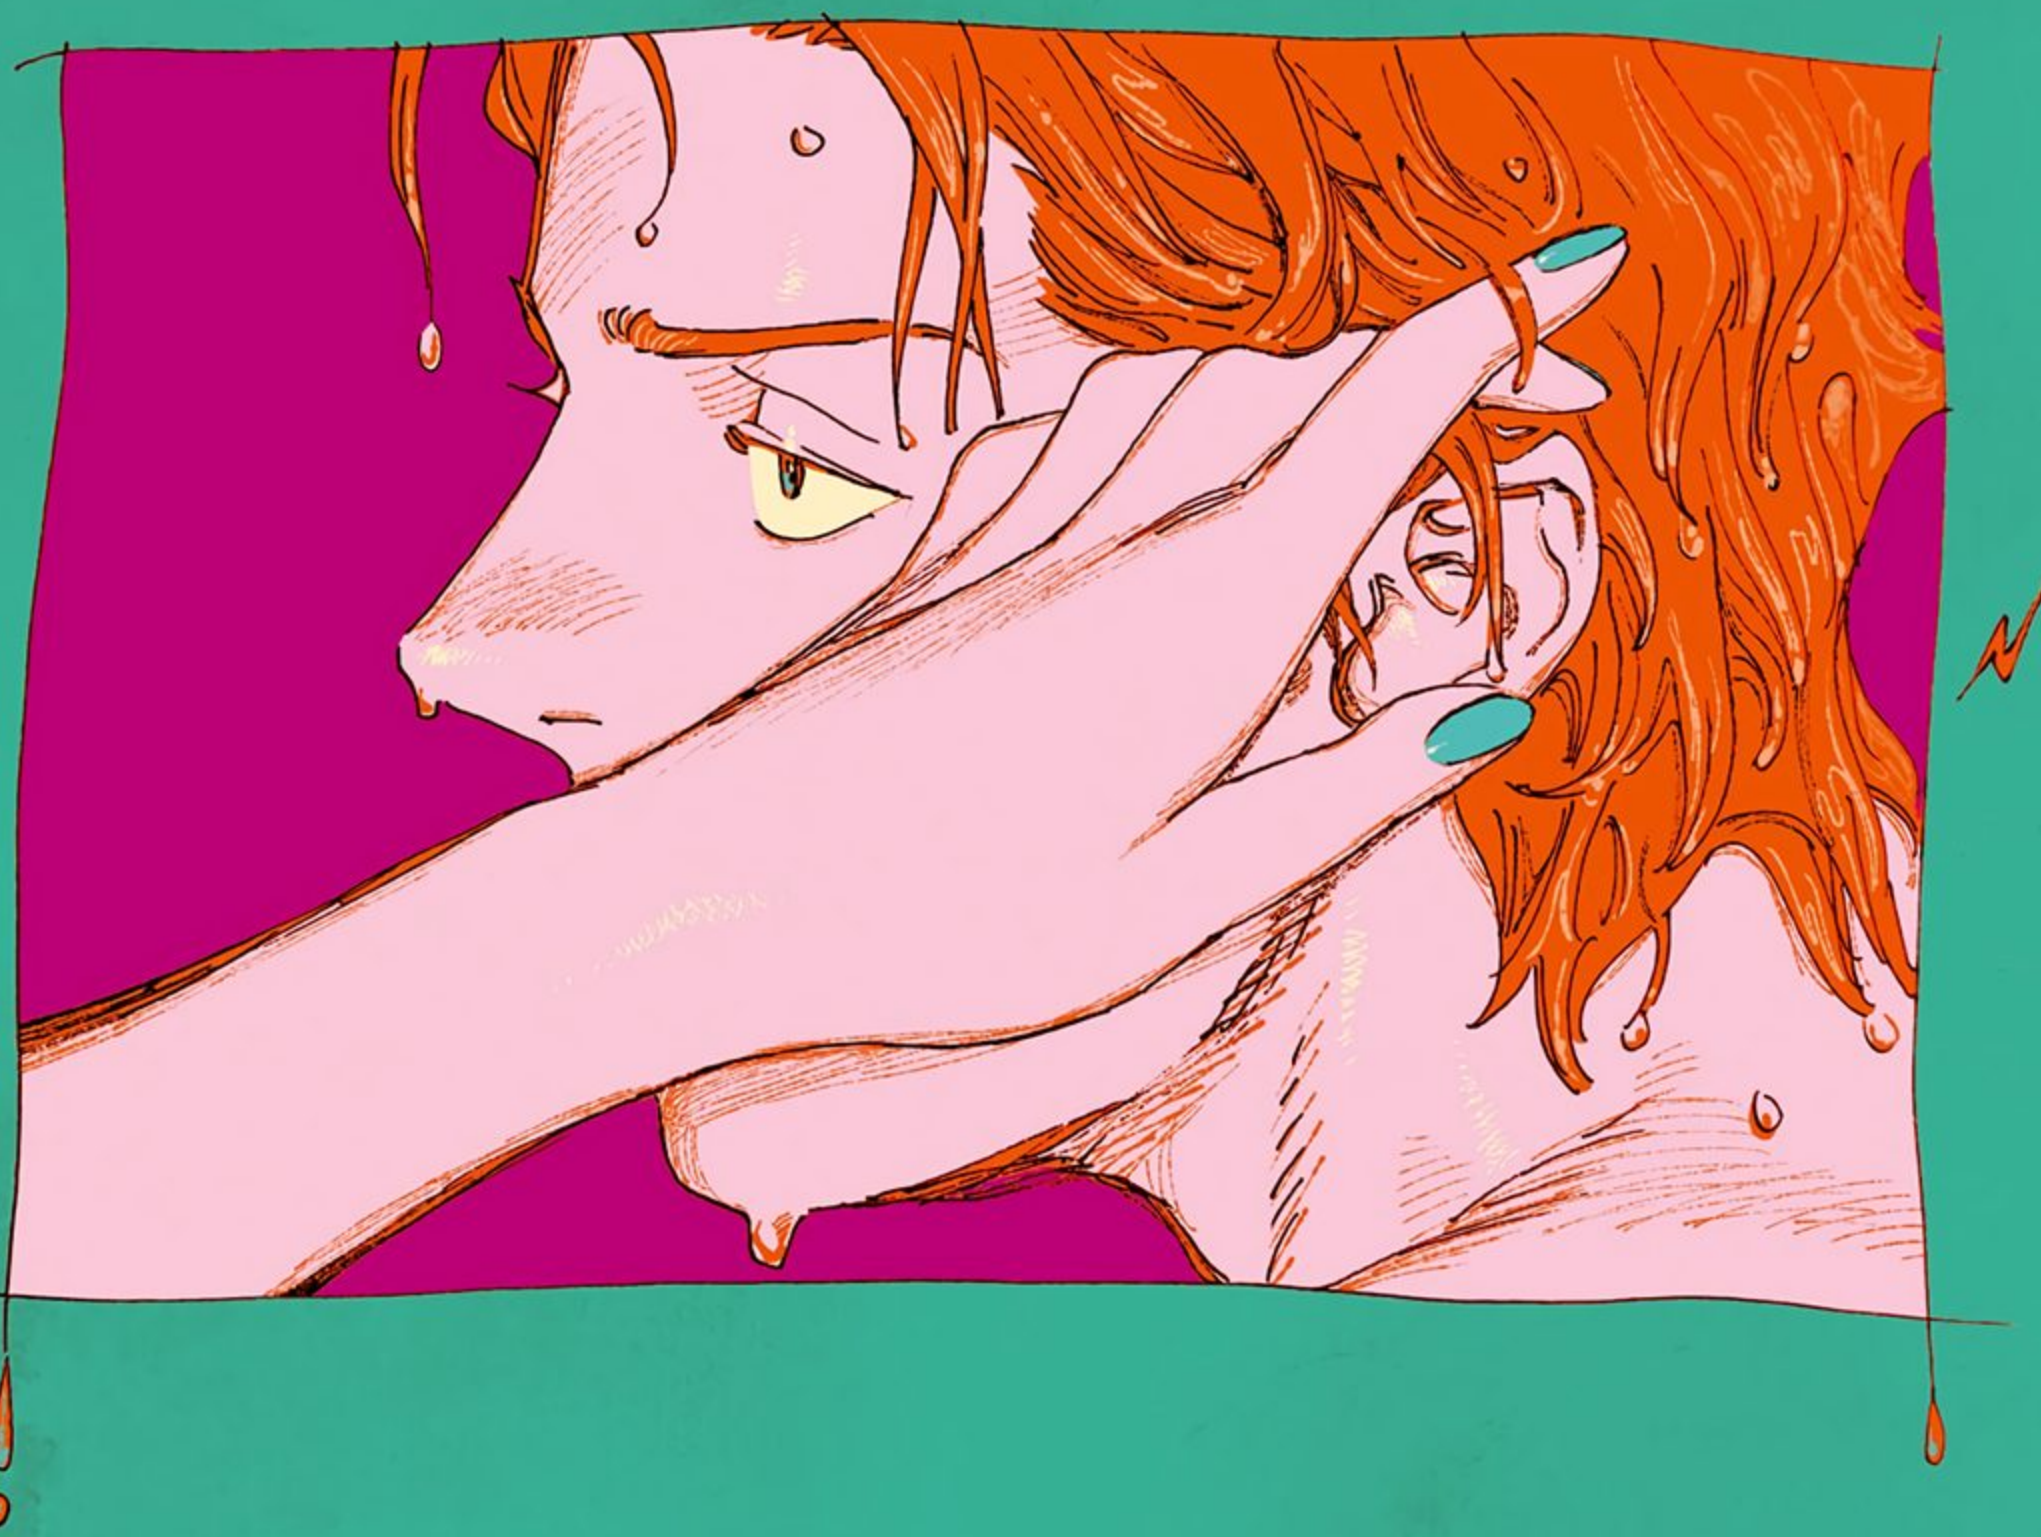
# SCENE 70



✳ *"Perfect Fit"* ✳

Decisions, decisions...

Not quite it, either.

With this pair,

there's more of a charming look.

This pair... gives you a bit of a **cool** air.

CHK

We're getting matching pairs. You can't buy *all* of them.

Right you are.

These ones make you look sexy...

I'll guess I'll just have to buy them all.

I'm not feeling the round frames. How about...

Now, smile!

Turn a little to your left...

There's a mirror over here.

HO HO!

HMPH!

Now scowl...

I like 'em.

I take it you're planning on seeing me frown?

Oh, no.

But who can say for sure what might happen? Just being safe.

Oh?

I think I'll get some lensless ones.

Well, what use are *lenses* to me?

What use are an empty pair?

Are you sure about that?

...of my life.

for the rest...

plan to stay good...

My eyes...

After all...

Sounds like you *do* know what'll happen.

Just a feeling.

I'll go pay.

Or not.

Don't you worry, leave it to me!
Leave what to you?
I can't see anything...
